PREFACE.

We present the first issue of the Madison Directory, with the belief that it will be found as nearly accurate as any book of the kind can possibly be.

The growing importance of the City, demands that its population and business should be represented in this shape, and the compiler expresses the hope that this volume will be the first of a long series.

It depends upon the public spirit of the business men of Madison, and the patronage they extend to the enterprise, to determine whether the publication shall be continued.

The publisher begs to extend to the subscribers to the present volume, his sincere thanks for their liberality.

SKETCH OF MADISON.

THE City of Madison is situated on the north bank of the Ohio River, one hundred miles below Cincinnati, and fifty miles above Louisville; it is connected with the latter city by a daily line of packets, with the former by two daily lines, and with Frankfort on the Kentucky river, by regular packets. It is also connected with Indianapolis, the Capital of the State, by railroad, distant eighty-seven miles, in a north-westerly direction. It is the county seat of Jefferson county, one of the most populous and wealthy counties in the State. There are several plank roads leading to different parts of the country, and communication is kept up with Milton, on the opposite shore of the river, by a steam ferry. Among the public buildings may be mentioned a fine Court House, the most costly in the State, two spacious market houses, several public school buildings, four banks, three fire engines houses, with complete apparatus and heavy alarm bells, eighteen churches, several hotels, a number of substantial and convenient wharves, etc. The city is built upon ground gently ascending from the margin of the river, admitting of grades by which the broad gravel streets are perfectly drained. Broad well-paved walks extend through the streets, with stone flags at the principal crossings. The city is supplied with gas light, and also with pure water at moderate cost to consumers.

The population at the last census was 12,000. Among the houses of worship are the Associate Reformed, Baptist, Christian, Episcopal, Lutheran, Methodist, Methodist Reformed, German Methodist, Presbyterian, (Old and New School,) Roman Catholic, (German, English and others.) Besides the Public Schools, which are open free to all within the age prescribed by law, there are several Select Schools, among which may be mentioned the Madison Seminary, the Madison Normal Institute, and Mrs.

Hunt's Select School. Within an hour's ride, by plank road, in the pleasant village of South Hanover, is located a college of well-established reputation, with handsome and commodious buildings, and under the charge of a competent faculty. The Madison Library is kept open at all hours of the day, also the Madison Township library is opened at appointed times, and is extensively resorted to. There are four banking establishments; three local insurance offices, and twelve foreign insurance agencies. Madison ranks as the third pork-packing point in the West, there having been packed at one establishment here, upwards of forty-three thousand hogs in Dec., 1858. Among the manufacturing establishments are extensive flouring mills, starch factories, breweries, grain distilleries, flooring mills, sash, door and blind factories, wooden bowl manufactory, several foundries, machine works, engine builders, copper smiths, car manufactory, iron railing manufactory, brass founders, steam cooperage factories, tanneries, steam furniture factories, starch, candle, soap and glue factories, carriage makers, agricultural implement makers, fan-mill and saddle-tree manufactories, spice mills, also the Madison Marine Railway and Ship Yard. The wholesale houses here are able to supply country dealers at as advantageous rates as in any other city in the West. The vicinity abounds in building materials, brick-clay, limestone, hydraulic lime and marble, of which latter, specimens may be seen in the buildings here and in other cities.

The attractive features of Madison are the public schools, broad, clean and well shaded streets, the numerous and well attended churches, excellent society, abundant supplies of goods, great facilities for business, agreeable climate and comfortable living.

MANUFACTURERS OF

PURE WHITE LEAD

DRY AND IN OIL.

Orange Mineral, Red Lead
Potters' Lead, Zinc Paint,
Putty and Colors.

CAUTION!

Certain unprincipled parties, attributing the large and increasing demand for our brand of White Lead solely to our "guarantee label," are imitating the same, even to the color of the paper on which it is printed. We therefore caution consumers to examine carefully the Red label on the side of the keg, and see that it bears our signature. As a still further protection to consumers, we now brand with stencil our "guarantee" on the end of the kegs, in addition to the Red Label on the side of the keg.

The unprecedented sale of our Lead can only be attributed to its STRICT PURITY, its UNRIVALED WHITENESS, FINENESS and COVERING QUALITIES.

Sold by all Dealers in Paints.

Madison Directory, 1871-72.

Madison, the county seat of Jefferson county, Ind., is situated on the Ohio river, ninety miles below Cincinnati, Ohio, and is connected with Indianapolis and the interior of the State by railroads, while the navigation of the Ohio river furnishes ready communication with New Orleans, and all points South and West, the Mississippi and Missouri rivers, and contains a population of about 12,000 inhabitants. Madison being contiguous to an extensive lumber and agricultural region, is a very important shipping point on the Ohio, has caused the erection of many extensive factories, foundries, machine shops, flouring mills, planing mills, together with the various mechanical establishments and commercial and monetary institutions usually found in a city of its population.

We are reluctantly compelled to apologize to our patrons in not publishing a history of Madison, but the parties who promised to furnish it, have failed to send the manuscript in time for publication.

We will particularly notice the following manufacturing establishments, whose advertisements will be found on another page:

As Iron Founders and Machinists Cobb, Stribling & Co. are the pioneers, having commenced business in 1863, and worked with energy, combined with mechanical skill, until their present enviable reputation has been gained in the manufacture of their highly improved machinery. Amongst the articles in which they excel as manufacturers, we would name Circular Saw Mills; Fuel Saving Engines; Steamboat Engines; Drag Sawing Machines; Shingle Machines and Hughs' Patent Rotary Engines.

Messrs. Thomas Graham & Co. are engaged in the manufacture of Hubs, spokes, &c.; their establishment has been in operation five years, and does a very extensive trade from Pittsburgh to New Orleans, and throughout the United States, being located in the best timber country in the West. They have on hand the largest stock, both of rough and manufactured material, to be found in this country; they also buy all kinds of timber adapted to their business.

The Madison Marine Railway and Ship Yard is now owned by Messrs. J. B. Stuart & Co. The former proprietors of this establishment were unfortunate in their business transactions; one of the partners was killed on the "United States."

MADISON.

The surviving partner, after an adjustment of claims, found himself a bankrupt. The present proprietors took possession in 1869, their success can be inferred from the amount of work turned out, viz.: Six side-wheel steamers have been built; five stern-wheel boats; nine cabins; five model barges with wrought iron ho chain works made and put up; also, twenty-two steamboats and five barges have been hauled out and repaired and furnished with new machinery. This firm gives constant employment, on an average, of from 125 to 150 men.

Among the leading Lumber dealers is Mr. John M. Todd, well known throughout the country; his lumber yard is constantly supplied with all kinds of lumber and builders' materials.

NOW READY!

LIST OF POST OFFICES IN THE UNITED STATES.

CORRECTED UP TO 15TH OCTOBER, 1870.

The undersigned has just published a complete list of all the Post Offices in the United States, compiled by Wm. Van Vleck, from the Official Records of the Department, up to August 1, 1870, with a list of all changes up to October 15, 1870, IN TWO DIFFERENT FORMS, as follows:

1st. Alphabetically by States, with a blank line between each office and a blank column at side to make alterations and corrections; this book is designed particularly for POSTMASTERS, RAILWAY POST OFFICE CLERKS, and ROUTE AGENTS; is printed on Fine Writing Paper, bound in muslin, 975 pages. Price, \$5. Will be very useful to Banks, Insurance, Telegraphs, Expresses, and all persons wishing to write up correspondence or enter private memorandums.

2d. The same book condensed, no blank lines or spaces, printed on ordinary printing paper. Price, \$1.

The above books give the names of Money-order Offices.

WM. H. BOYD, Publisher,
Washington, D. C.

A specimen page of each of the books is printed in another part of this Directory, see index.

Either of the above mailed free on receipt of price. Address,

WIGGINS & WEAVER,
268 Superior street, Cleveland, Ohio.

WASHINGTON, D. C., June 22, 1870.

I believe that a Directory like that being printed by Mr. Boyd will be of the greatest aid to those engaged in distributing the mails.

GEO. S. BANGS,

Assistant Superintendent R. M. Service.

[From the Post Office Gazette of October 1st, 1870, the official organ of the Department.]

BOYD'S POST OFFICE DIRECTORY.—We have received the advance sheets of this work. Every subscriber to the Gazette who desires a complete list of post offices should take the work, for by copying the monthly changes as given in the Gazette into Boyd's book, for which there is a space left, it is peculiarly adapted to the wants of railway post office clerks and route agents, and a most excellent arrangement for the use of special agents.
